GitHub

31 M+

developers

building on GitHub—including more new users in 2018 than in our first six years combined. ✨

2.1 M+

organizations

bringing people together. There are 40% more organizations on GitHub this year than last year. ✨

96 M+

repositories

hosted on GitHub, 40% more than last year. Almost one third of all repositories were created in the last year. ✨

200 M+

pull requests

created, ever. And you created more than one third of these in the last 12 months alone. ✨
